

UI Mockup

TEAM: Magpie

The image displays a 4x6 grid of 24 screenshots from the Wingman mobile application. Each screenshot shows a different screen with descriptive text labels overlaid. The screens include:

- Event Description, Scan QR, My Invitations, My Notifications, Filter Search, Details, Settings, and Edit Profile.
- New Event, Edit Event, New/Edit Event Info, Event Details, Waiting List, Selected Entrants List, Accepted List, Cancelled List, Geolocation, Lottery, and Freebie List.
- Welcome Admin, Events, Profiles, Images, and Notification Log.

Each screen provides a detailed look at the app's features, such as creating events, managing user profiles, and tracking notifications.
